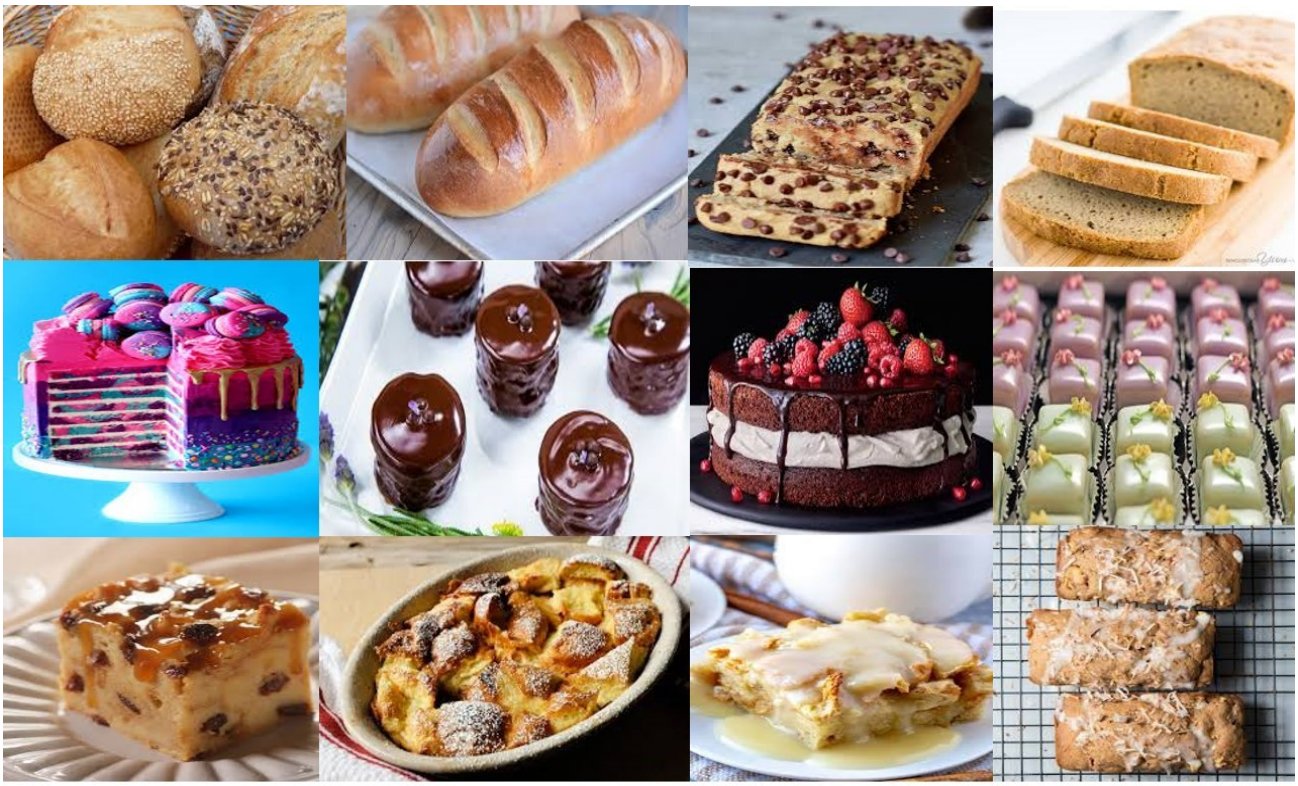
COMPETENCY BASED LEARNING MATERIALS



Sector	: **TOURISM SECTOR (COOKERY)**
Qualification Title**:**	**COMMERCIAL COOKING NC II**
Unit of Competency**:**	**CLEAN AND MAINTAIN KITCHEN PREMISES**
Module Title**:**	**CLEANING AND MAINTAINING KITCHEN PREMISES**

ANGELITA C. MAGPANTAY

TRAINER

UNIT OF COMPETENCY : **PREPARE MEAT DISHES**

MODULE TITLE : **PREPARING MEAT DISHES**

MODULE DESCRIPTOR : This module deals with the skills, knowledge and attitude required in selecting, preparing, presenting and storing meats.

NOMINAL DURATION : 24 hours

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module the students/trainees will be able to:

LO1. Perform Mise en place

LO2. Cook meat cuts for service

LO3. Present meat cuts for service

LO4. Store meat

LO1. PERFORM MISE EN PLACE —

ASSESSMENT CRITERIA:

1. Tools, utensils and equipment are cleaned, sanitized and prepared based on the required tasks
2. Ingredients are identified correctly, according to standard recipes, recipe cards or enterprise requirements
3. Ingredients are assembled according to correct quantity, type and quality required
4. Ingredients are prepared based on the required form and time frame
5. Frozen ingredients are thawed following enterprise procedures.
6. Where necessary, raw ingredients are washed with clean potable water.

–

CONTENTS:

- Classifications of meat
- Tools, equipment needed in preparing meat dishes
- Applied safe and accurate cutting techniques
- Prepared a range of meat dishes to enterprise standards
- Characteristics of meats including type, cut, quality and fat content
- Characteristics of different meat cuts including primary, secondary and portioned cuts
- Types of meat and its source
- Components of meat

- Prepare a variety of appetizers and salads from different recipes and

CONDITIONS: The students/trainees must be provided with the following:

ASSESSMENT METHODS:

- Direct observation
- Written or oral questioning
- Review of portfolios of evidence and third party workplace reports of on-the-job performance by the candidate

LO2. COOK MEAT CUTS FOR SERVICE –

ASSESSMENT CRITERIA:

1. Appropriate cooking methods are identified and used for cooking
2. A variety of portioned meat cuts are cooked in accordance to standard recipe specifications
3. A variety of offal dishes are cooked according to standard recipes
4. Meats are carved using the appropriate tools and techniques
5. Ingredients are adjusted to meet special requests of customers
6. Cooked dishes are tasted and seasoned in accordance with the required taste of the dishes
7. Workplace safety and hygienic procedures are followed according to enterprise and legal requirements

–

CONTENTS:

- Methods of cooking meat
- Different cuts of meat
- Uses and characteristics of various knives and equipment
- Safe work practices
- Logical and time efficient work flow
- Appropriate preparation and cookery methods for various cuts and types of meat
- Meat cutting techniques
- Knife care and maintenance
- Organizational skills and teamwork
- Principles and practices of hygienic handling and storage of meat
- Costing, yield testing, portion control of meat
- Waste minimization techniques and environment-friendly disposal

CONDITIONS: The students/trainees must be provided with the following:
